A photograph of four young children sitting on a polished wooden floor in a bright, indoor setting, likely a classroom or playroom. They are all looking upwards with expressions of interest and excitement, and their right arms are raised high in the air. The children are dressed in casual clothing: a white shirt, an orange long-sleeved shirt, a white long-sleeved shirt, and a teal long-sleeved shirt. In the background, there are white shelves filled with various items, and the overall atmosphere is warm and positive.

Socialization program - Camps

The "Children of Heroes" Fund actively implements a socialization program, among which camps occupy a special place.

These trips are not just a vacation, but also a chance for children to find relaxation and relief from stress and pain. Camps create a unique environment where everyone shares each other's experiences, helping children feel supported.

BILTEX gives the gift of summer care - 31 children will go to camp

An important event will take place in August — the OneCamp camp, aimed at supporting and providing psychological recovery for children who have lost their parents due to the war in Ukraine. Thanks to the generous support of **Biltex**, our foundation received **552 000 hrn** in July to implement this initiative. This allowed us to cover the costs of participation for 31 children. All these children share a common pain — they have lost one or both parents due to the war. It is important that the children will communicate with peers who are going through a similar experience. Biltex's support is more than financial assistance; it is a gesture of humanity and solidarity. We are deeply grateful for this partnership, which gives us hope.

Thrash raised 200,000 UAH for children's rehabilitation

Thanks to a **200 000 hrn** donation from **Trash**, 12 heroic children got the chance to go through rehab. One of them is Mariyka, who's been diagnosed with autism. She needs constant support, special classes, and help adapting to the world. Her father, a military serviceman, is missing in action, and her mother is doing everything she can on her own to give her daughter a chance to develop and communicate. Now, thanks to your support, Mariyka has already begun rehabilitation. Mariyka's mother is infinitely grateful for this opportunity, which was made possible by each and every one of you.

Inspiring story of the month

Valeria 13 years old , Kirill 7 years old.

The Mysko family lives in a small town in the Rivne region. Mother Olena is raising 13 year old-Valeria and 7 year old-Kirill on her own. Their lives changed on 14 February 2025, when their father went missing in the Kursk region after enemy shelling.

Since then, their mother has become everything to her children — their support, warmth, and example of strength. Despite their pain, the family sticks together and does not lose faith in the future.

Valeria is a creative girl who loves to draw. Kirill is energetic and dreams of becoming a footballer. Recently, the family became wards of the Children of Heroes Foundation and has already felt its care and support.

In July, the children attended the IT Friends camp in Zakarpattia. Ten days of learning, master classes, hiking, swimming, games and evenings. It was a time when they could once again be just children — safe and happy.

These days became a breath of hope and warmth for the family, which will remain in their hearts forever.
