SOCIALISATION PROGRAMME — CAMPS

The Children of Heroes Fund runs a socialisation programme in which camps play a central role. The camp programme helps children who have experienced loss build resilience, develop social skills and strengthen their self-esteem. Residential camps offer a change of environment and a structured space for physical, emotional and social recovery.

SMART MONEY CAMP

In August, another Smart Money Camp took place — a seven-day financial literacy programme for teenagers aged 14–17. The project was delivered in partnership with the **KredoBank Foundation**.

Number of participants: 45

Age: 14–17

Location: Wellland Hotel, Yaremche

Objective: to develop financial literacy, planning and saving skills.

Each day, participants took part in interactive financial literacy sessions with Yana Fedoriaka. They learned how to plan a budget and save money, and explored the basics of investing and investment opportunities in Ukraine and abroad.

Participants were provided with comfortable accommodation, four meals a day and round-the-clock access to a doctor. A Fund psychologist was also available throughout the camp for individual consultations.

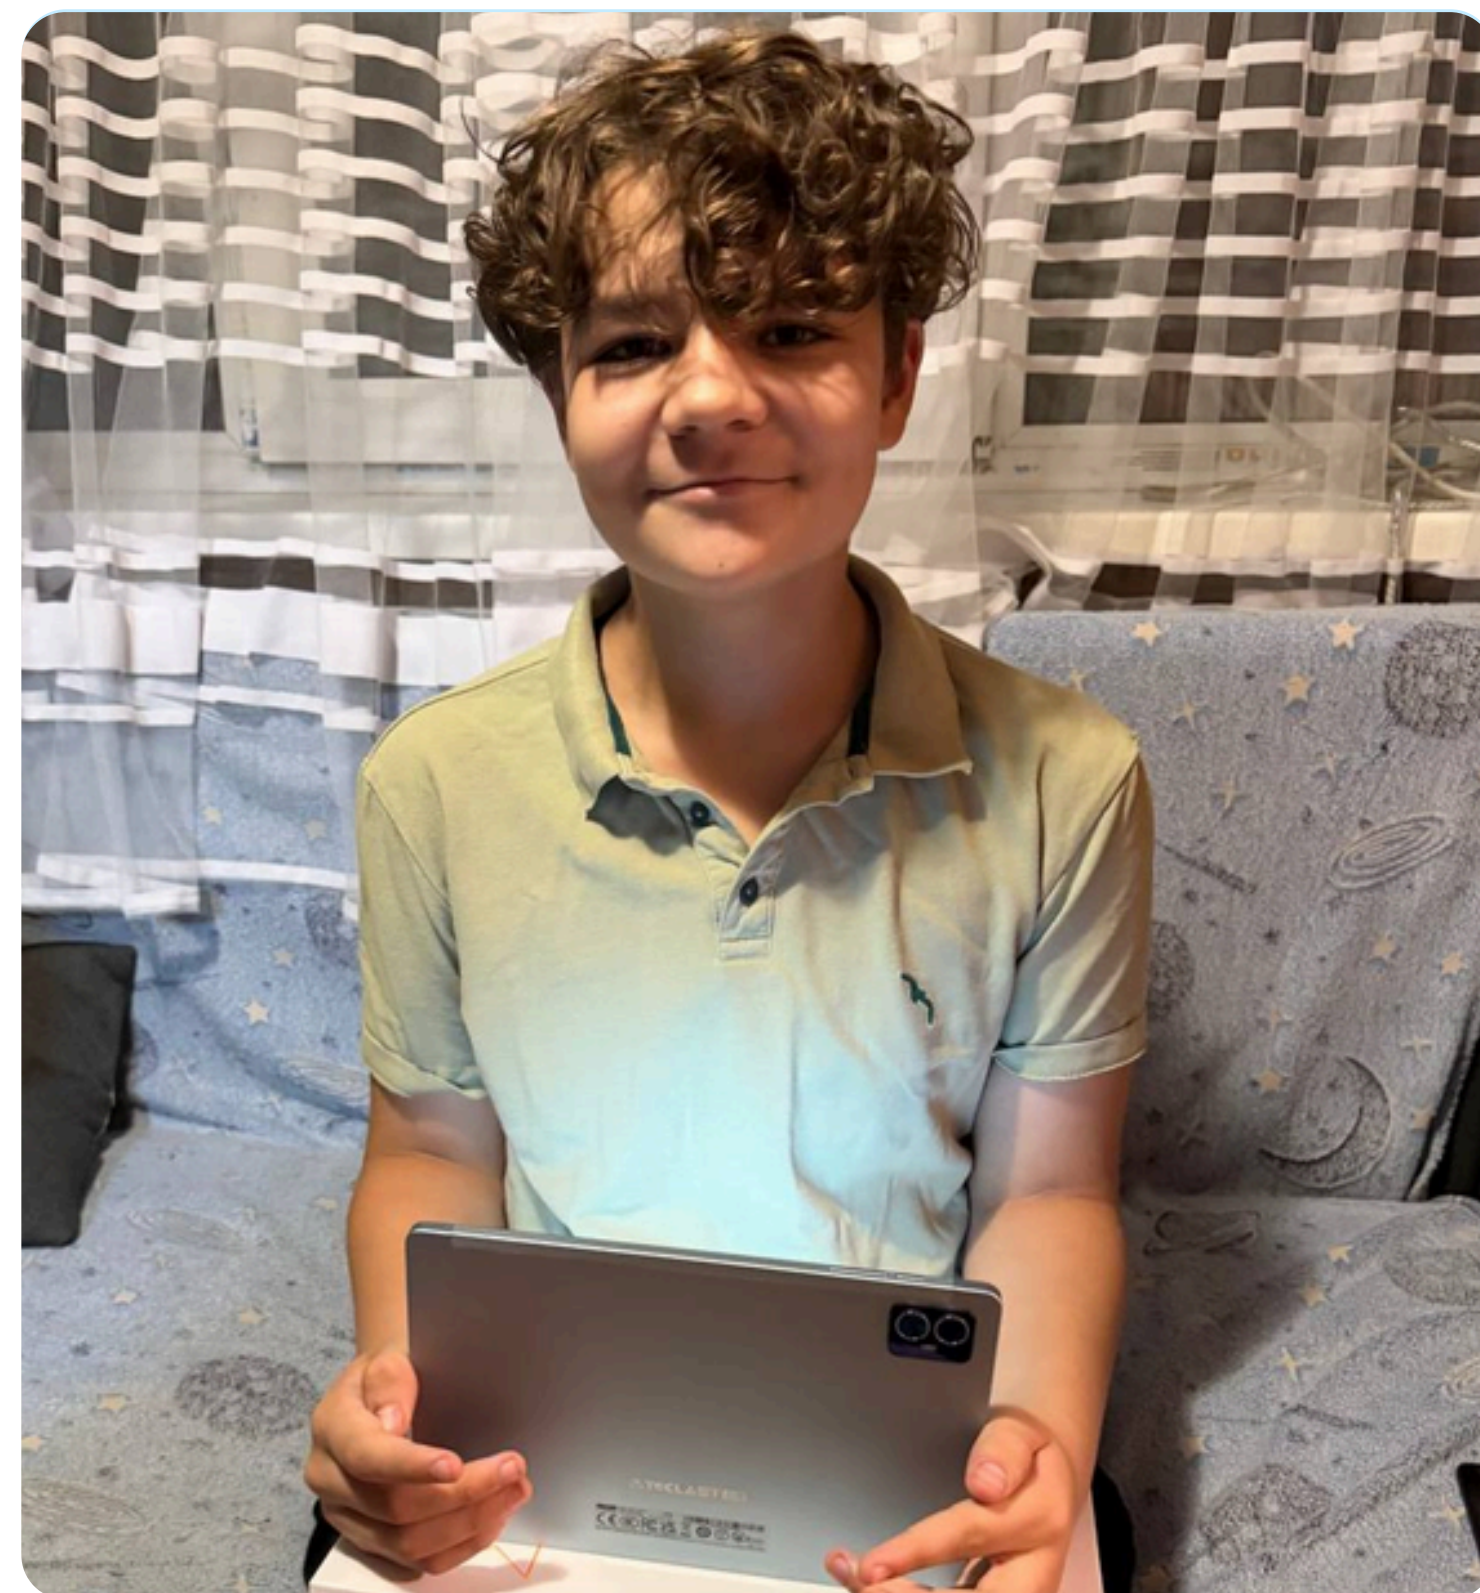

With the support of **Vodafone**, Children of Heroes Charity Fund purchased and provided **303 tablets** to children who have lost one or both parents due to the war. Children across 22 regions of Ukraine received the devices, with the total purchase amounting to **UAH 1,996,164**.

Having their own device removes a specific barrier to education. Children can regularly join online lessons, complete homework, and access educational platforms and learning materials.

The tablets also enable children to take part in the Fund's Education and Development programmes, including additional classes, foreign language courses and preparation for the NMT (National Multi-Subject Test). The devices were provided before the start of the new school year so that children could use them for learning from September.

We thank Vodafone for its continued partnership, helping children access education and new opportunities for development.

MINISTRY OF SOCIAL POLICY AND CHILDREN OF HEROES CHARITY FUND SIGN MEMORANDUM OF COOPERATION

The Ministry of Social Policy, Family and Unity of Ukraine and Children of Heroes Charity Fund have signed a Memorandum of Cooperation.

The partnership will support children who have lost a parent or whose mother or father is missing. Areas of cooperation include psychological support, health and wellbeing programmes, education, and social support for families.

The Fund and the Ministry also plan to develop joint anti-bullying programmes and work on moving some social services online, drawing on the Fund's practical experience.

Another area of cooperation is organising recreational programmes for children, with particular attention to those living close to the front line.

Solomiia, 6

Before the full-scale war, Solomiia's father worked as a driver delivering bread. In May 2022, he volunteered to join the Armed Forces of Ukraine. Contact with him was lost while he was carrying out a combat mission in the Bakhmut area. Since 15 February 2024, he has been officially listed as missing.

The Fund helped the family address Solomiia's medical and psychological needs. She attended sessions to improve her vision. When a doctor recommended surgery, the team helped the family prepare for it by arranging the necessary examinations and supporting them during her recovery.

After the surgery, the Fund continued to monitor Solomiia's condition and assess whether she needed further rehabilitation. Solomiia's mother also received psychological support to help her better support her daughter through the separation from her father. The Fund's team also assisted the family with social and documentation-related matters.

The most significant support programmes at present are:

Education and development.

This programme gives children the opportunity to realise their potential even in the most difficult circumstances.

Psychological and socialisation

is one of the Fund's core areas of work, helping families access psychological care and ensuring they do not have to face loss alone.
